

Giolina e Angelo

no ordinary jewels

Find the size from your ring...

Print the pdf (A4 sheet) and check with a ruler that the centimeter scale below is correct...

1-Place a ring on the circles and find the one that most closely matches the interior dimension of your ring.

2- Remember your dominant hand's fingers are usually bigger than your non-dominant.

3- In doubt you can also choose to order an half size (ask in order notes before check-out).
